Training Overview for Agency Users

E-MORRIS Introduction

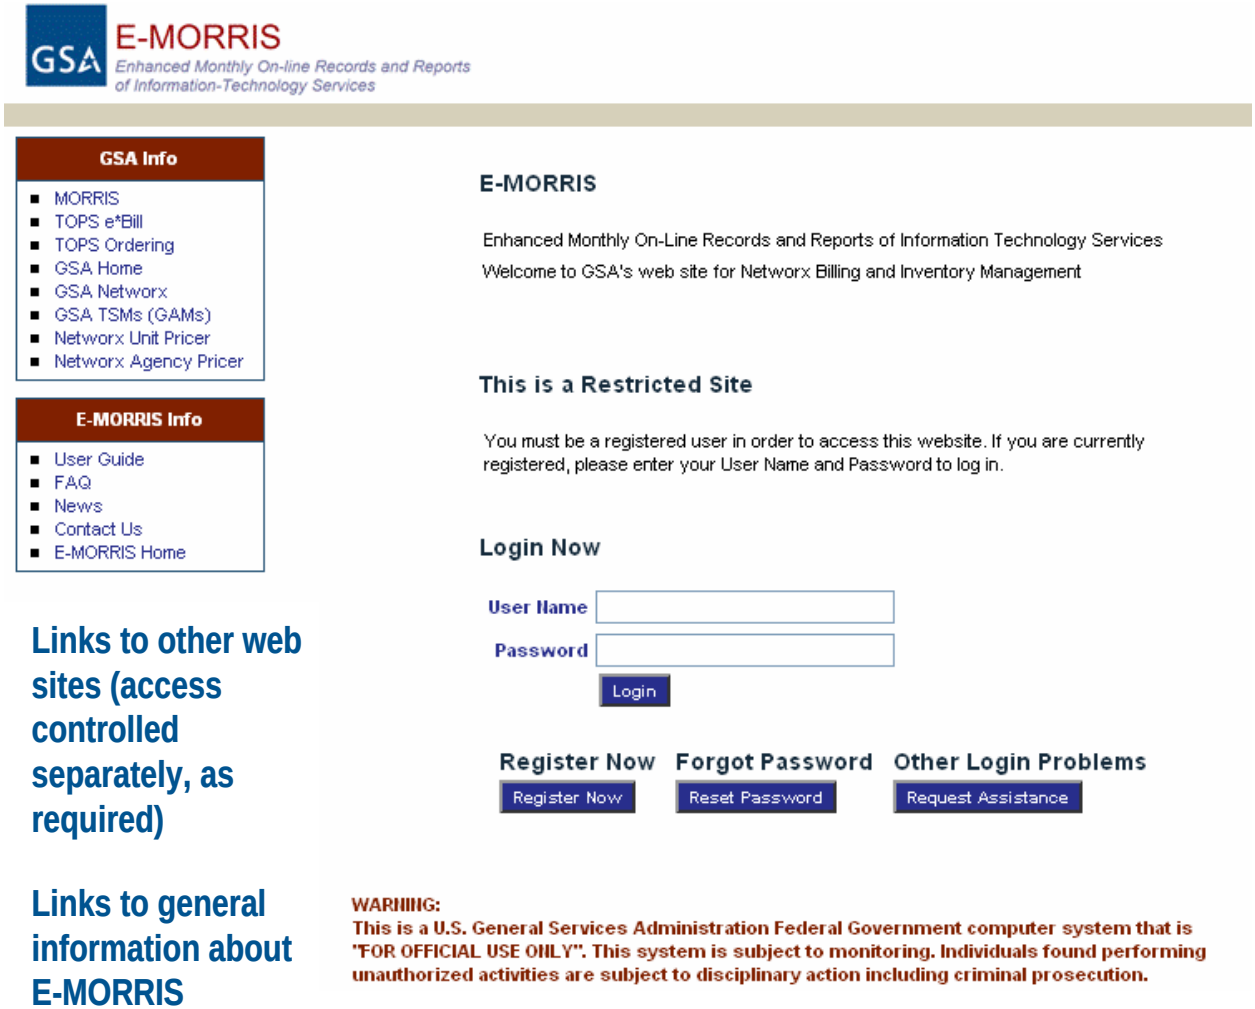
- E-MORRIS is GSA's system that supports billing and inventory for the Networx contracts.
- E-MORRIS enhances the functionality of MORRIS for Networx, but is a separate web site with separate access.
  - URL: https://emorris.fasbilling.gsa.gov
- There are three levels of Agency access to the web site:
  - Public – general info, account registration forms, reset password form
  - Agency User – inventory and billing, depending on approval of Agency DAR Admin
  - Agency DAR Administrator – Agency User, plus screens to manage other accounts
- This briefing provides an overview from an Agency User perspective.
  - Inventory and billing process overview
  - Web site account registration process
  - Account set-up and navigation
  - Networx inventory screens
  - Networx billing reports
  - E-MORRIS help and contact info

Inventory & Billing Process Overview

- Inventory Process (could be daily on business days)
  - Load vendor Service Order Completion Notice (SOCN) file to inventory database
  - Check against Pricer & report errors to vendor (vendor may send corrected SOCN)
  - Post inventory data to tables for web access

- Billing Process (monthly)
  - Load vendor invoice, detail and adjustment files to billing database
  - Balance invoice to detail to ensure accuracy of billing data
  - Run verification check for:
    - Elements populated
    - SOCN for each order; billing consistent with SOCN
    - Correct prices
    - No duplicate billing
    - No over 90 day billing
    - Exceptions feed into disputes process (centralized only) and SLA count
  - Run customer billing (centralized only)
    - Feed to IPAC process
  - Post data to tables for billing web reports
    - View/print, download data, data layout

Home Page (public access)

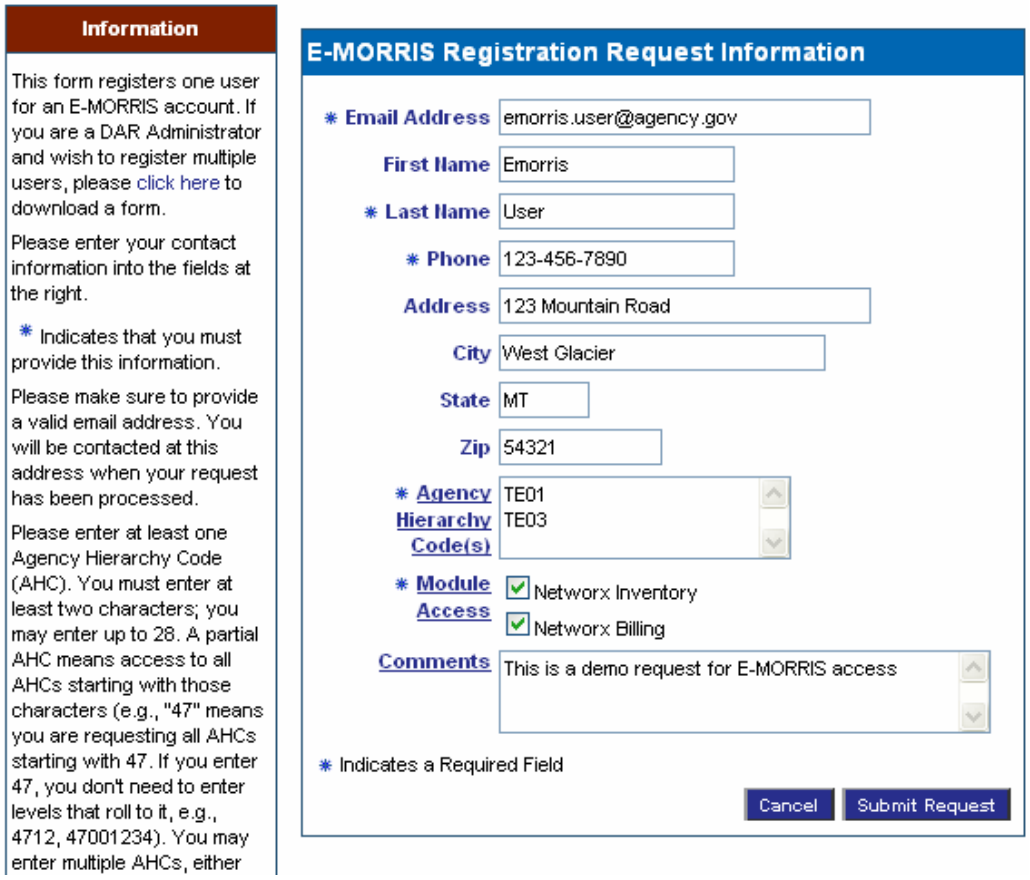


- Links to other web sites (access controlled separately, as required)
- Links to general information about E-MORRIS

FOR DATA ACCESS:

- User ID & password required.
- Agency users must be authorized by the Agency DAR Administrator.
- Agency must have a copy of the DAR Administrator letter on file with GSA.
- 3 ways to get an account:
  - Register Now form (any user)
  - Multiple Users form (DAR Admin)
  - DAR Admin can create through web screens
- If you have an account and forget your password, click Reset Password and enter your email address.

Account Registration screen sample



Information

This form registers one user for an E-MORRIS account. If you are a DAR Administrator and wish to register multiple users, please click here to download a form.

Please enter your contact information into the fields at the right.

* Indicates that you must provide this information.

Please make sure to provide a valid email address. You will be contacted at this address when your request has been processed.

Please enter at least one Agency Hierarchy Code (AHC). You must enter at least two characters; you may enter up to 28. A partial AHC means access to all AHCs starting with those characters (e.g., "47" means you are requesting all AHCs starting with 47. If you enter 47, you don't need to enter levels that roll to it, e.g., 4712, 47001234). You may enter multiple AHCs, either

E-MORRIS Registration Request Information

* Email Address	emorris.user@agency.gov
First Name	Emorris
* Last Name	User
* Phone	123-456-7890
Address	123 Mountain Road
City	West Glacier
State	MT
Zip	54321
* Agency Hierarchy Code(s)	TE01 TE03
* Module Access	☑ Networx Inventory ☑ Networx Billing
Comments	This is a demo request for E-MORRIS access

* Indicates a Required Field

Cancel | Submit Request

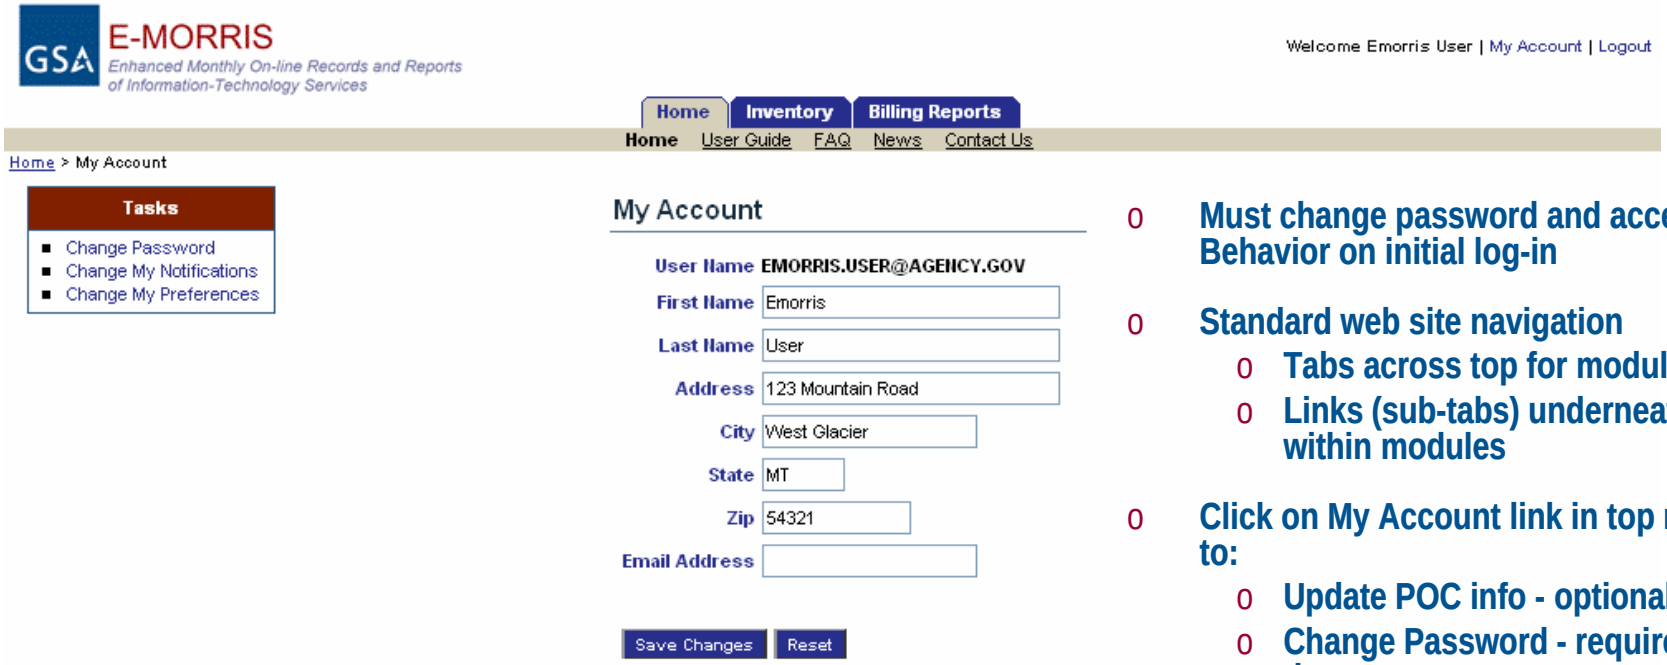
- Form accessed through Register Now button on the E-MORRIS home page.
- Submitted form populates a request table in E-MORRIS.
- Agency DAR Administrator and GSA get a system email with request information, and can access the request through a web screen.
- User gets a system email with UserID and password, once the DAR Administrator or GSA has created the account.

Agency Hierarchy Codes

- Identify your requested level of data access
- You must enter at least two characters
- You may enter up to 28 characters
- The more characters you enter, the more your access is restricted*, e.g.
  - If you enter TE, you will get all AHCs starting with TE
  - If you enter TE0000000000000000000000000, you will get only that AHC.
- You may enter multiple AHCs (separated by ; or on a separate line)

*Note: AHC access actually granted is subject to DAR Admin approval, and may be different from what is requested.

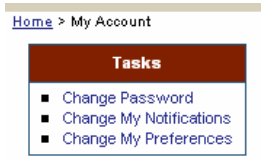
Navigation and Account Set-up

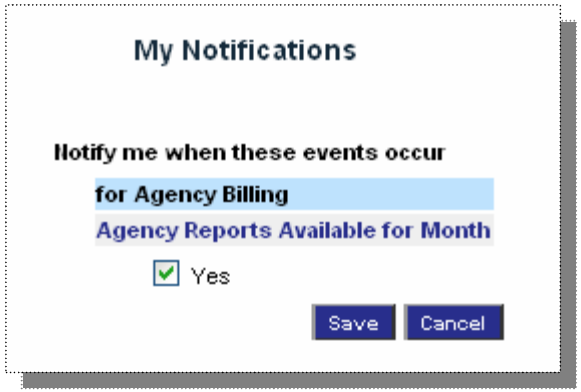


- Must change password and accept Rules of Behavior on initial log-in
- Standard web site navigation
  - Tabs across top for modules
  - Links (sub-tabs) underneath for pages within modules
- Click on My Account link in top right corner to:
  - Update POC info - optional
  - Change Password - required every 90 days
  - Change system notifications - optional
  - Change navigation preferences – optional unless you have more than 500 Agency Hierarchy Codes *(see slides 23-26 for more info)*

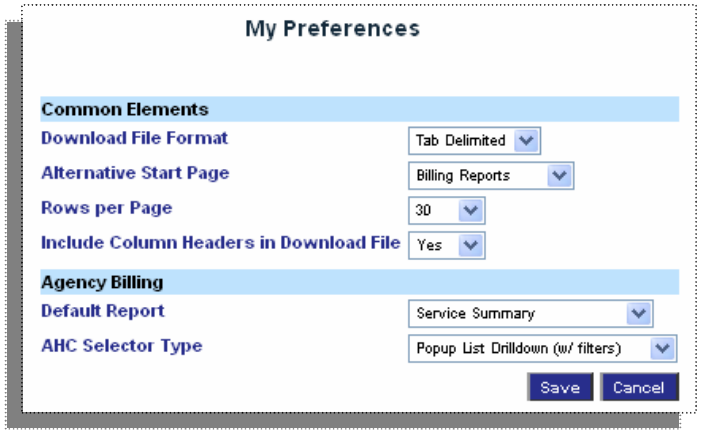
Navigation and Account Set-up (continued)

My Account task screens





- Change notifications – options for getting system emails
  - Billing reports available



- Change web site preferences – options for changing navigation defaults
  - Download format – recommend tab delimited (TSV)*
  - Alternative start page after log-in – default is Home
  - Rows per page – default is 30
  - Include column headers – default is yes
  - Default report when first clicking on billing tab – default is MSOA
  - AHC selector type – default is dropdown
- Changing these settings is optional, with the exception of AHC Selector Type IF you have more than 500 AHCs *(see slides 23 – 26)*

*Note: Default download format is comma delimited (CSV), but there is an issue in which Excel translates AHCs to scientific notation. TSV format negates the issue. If you don t set the default here, you can choose TSV format for any report by clicking on the down arrow next to the Download icon and selecting tab delimited.

- Report of SOCN errors found and reported to vendor.
- Shows all NIM fields, plus error descriptions.
- Vendor errors can only be corrected by a new SOCN from the vendor – GSA does not change vendor SOCN data.

Billing Reports

- Billing Summary – total charges by vendor and contract
- MSOA – charges by Networx service type and category
- Service Summary – charges by Networx service
- Call Detail Summary – usage charges by phone/card number
- CLIN Detail – charges by CLIN
- Vendor Adjustments – detail of vendor adjustments
- GSA Adjustments – detail of GSA adjustments (central only)
- Charges by Service – total charges by AHC and service (download only)
- UBI Summary – charges by vendor Unique Billing Indicator
- GSA Disputes – detail of disputes filed by GSA on behalf of Agencies (central only)
- *(Future)* Vendor Disputes – detail of disputes as provided by vendors

- All reports apply to central and direct billing, unless noted above.
- All reports have printer friendly and download options, unless noted above.
- Data layouts are available with the download files, and in the billing report user guide.

MSOA/Reports Availability

- E-MORRIS "bill period" is the usage month
- The vendor invoice is delivered by the 15th business day of the following month (approx. the 21st or 22nd)
- E-MORRIS billing reports are available 2 months after the usage month (between the 10th – 15th calendar day)
- For example:

Usage	Vendor Invoice	E-MORRIS Reports	IPAC / Bill (central)
Jan 1 – 31	dated Feb 2008, delivered by Feb 21 or 22	dated Jan 2008, posted between Mar 10 - 15	dated Jan 2008, billed between Mar 22 – 28
